FEEDBACK

If there are any issues with your drier that you would like our Engineer to attend to on his service visit please describe in the box below:
If you no longer own an Alvan Blanch Drier, please provide us with details of new owner or whether the drier has been scrapped in the box below. We will then arrange for your name to be removed from our drier service list.

Date.....

CONDITIONS OF SERVICE CONTRACT

1. The customer undertakes to ensure the drier is in a clean and tidy condition and accessible to enable the Engineer to carry out the Service in accordance with HSE regulations
2. Any parts required will be charged in addition to the fixed rate drier service.
3. If any additional work is required to the drier, outside of the normal scope of the drier service, the customer will be contacted for permission to pay for parts and labour, chargeable at £40 per hour.
4. The service does not imply a warranty extension.
5. The service will be performed when an Engineer is in the customer's area but every attempt will be made to give, at least 24 hours notice, of Engineer's on site.
6. A signed copy of the Engineers completed drier checklist will be left with the drier. Any queries with the work performed should be raised with the Service Manager within 14 days of the date of service.
7. Full drier service can only be performed on oil-fired burners. Partial service (without burners) can be performed on gas-fired augers.

DRIER UPGRADE

I would like to upgrade my drier to reduce operating costs and improve monitoring and control.

DRIER SITE ADDRESS

Please provide drier site address if different from above.
